

Big Dutchman®

PrimePacker

The professional farm packer for table and hatching eggs
– efficient, easy to maintain and gentle on the eggs –

PrimePacker

For professional egg collection from the nest to the egg tray

With PrimePacker, Big Dutchman now covers the final step in professional egg collection. To be able to offer you everything you need for efficient egg production from a single source, Big Dutchman has added

PrimePacker to its product range. PrimePacker is a high-quality farm packer with many advantages. These include a high net efficiency as well as very smooth handling of the eggs. PrimePacker is

available in two sizes and additionally in a special version for hatching eggs. Big Dutchman also offers an automatic tray stacker and an egg printer as optional extras.

Feed-in system for a continuous egg flow into the farm packer

Double-guided transfer arm, horizontal orientation of the suction head during egg placement on the tray and compressed air to ensure very gentle egg handling

PrimePacker 70 with tray stacker

PrimePacker 100 with tray stacker

ADVANTAGES

- ✓ high net efficiency: PrimePacker 70 for 25,000 eggs per hour, PrimePacker 100 for 36,000 eggs per hour;
- ✓ clever system which can be operated by one person;
- ✓ very gentle handling of the eggs all the way into the egg tray: well suited for hatching eggs;
- ✓ use of high-quality materials only, such as stainless steel and industrial plastics;
- ✓ simple control and management system;
- ✓ open design for optimal egg monitoring while the eggs are in the packer;
- ✓ easy access to areas that need to be cleaned or maintained;
- ✓ compact design;
- ✓ long service life.
